

Integration Videos

Integration videos are available for the following topics:

- [Autodesk](#)
 - [How to import a georeferenced image into Autodesk](#)
 - [How to add a WMS connection in Autodesk](#)
- [Esri](#)
 - [How to add a WMS connection in Esri ArcMap](#)

Autodesk

The instructions in the following videos are relevant for AutoCAD applications that support georeferenced images or WMS. There might be small differences between AutoCAD platforms.

[How to import a georeferenced image into Autodesk](#)

[How to add a WMS connection in Autodesk](#)

Esri

[How to add a WMS connection in Esri ArcMap](#)
